

HALL OF HONOR
RECIPIENT 2021:
HARVEY BLAIR
WARREN, IL

Harvey was greatly surprised when he received the Hall of Honor award at the 2021 convention. He didn't know his wife could keep a secret for 2 years. Harvey was to be inducted into the Hall of Honor in 2019 and it was completely overlooked at that time. 2020 everything was cancelled, so here we are in 2021. Harvey has been using BueLingo since 1991, starting with a bull from the Breners to be a calving ease on his Holsteins. He decided to keep the 25 heifer calves (1/2 BueLingo) born to his Holstein and continued to breed them to Registered BueLingo Bulls. In 2005 he had about 80 registered BueLingo cows and milked about 80 Holsteins, and was running out of pasture and space. He decided to go with all Registered BueLingo, and the dairy cattle were sold.

He became a member in 1994 with a gift membership from the Breners. Harvey also got started showing cattle thanks to the Breners in 2000. They offered to break and haul cattle to Arkansas for the BueLingo show. That was the beginning of the end. Harvey now has over 150 head of BueLingo in 2 states. (IL and MO). He has raised Champion BueLingo stemming from great BueLingo breeding of his own and other producers throughout the US. He has served on the board of directors for a total of 19 years and served as Vice President for 7 of those 19 years. A binder and certificate were awarded.

Wanting to keep it a secret, no formal announcements were made ahead of the presentation. If you would like to send a congratulatory note or reminisce about your BueLingo experiences with Harvey over the years, you may mail, or email directly to Harvey or to the office.
